

Amazon Smile Program Adds the Snyder-Robinson Foundation

The Amazon Smile program is operated by Amazon.com for qualifying non-profit organizations. Amazon donates 0.5% of the price of eligible purchases to the charitable organizations selected by customers. For more information about Amazon Smile, please visit [org.amazon.com](https://www.amazon.com/org.amazon.com).

The Snyder-Robinson Foundation has been accepted into this program, and is now able to receive donations, based on eligible customer purchases. The SRF leverages Amazon Smile to support daily operating expenses and administrative fees. Please consider using this venue, when making Amazon purchases, to support the SRF.
